

## Summary of Avila University Athletic Insurance and Medical policies

Each student/athlete is required to be covered by family or personal insurance prior to participation in any team activities (i.e. practice, games, conditioning, scrimmages). **If a student/athlete fails to provide insurance information, they will not be allowed to participate in team activities.**

Avila University provides secondary/excess insurance coverage for athletic accidents that occur during play or official practices for intercollegiate sports. This does not include intramurals, pick-up games, conditioning outside of official practices, pre-existing conditions, etc.)

Make sure that you understand your insurance benefits. It must be considered that the Kansas City area may be an out of network area for your particular insurance.

**No** bills will be paid unless the accident has been reported to the athletic training staff and a claim form has been filled out and signed by the athlete and athletic training staff.

**Always** notify head coach and/or athletic trainer immediately and no longer than 48 hours after an accident occurs.

**\*I understand my personal insurance coverage is the primary coverage for any injury, which may occur.**

**\*I understand that Avila University carries excess insurance coverage for its athletes.**

**\*I understand that this excess coverage carries a \$1500 deductible, which must be met by my insurance or myself before any payments can be made.**

**\*I agree to abide by the procedures set by Avila University and it's insurance company regarding athletic injuries and obtaining medical treatment.**

**\*I have read and understand Avila University's medical policies.**

My signature acknowledges that I, and my parent/guardian have read and understand the above information concerning Avila University's athletic insurance coverage and medical policies.
